November 6, 2014

Dear Town Meeting Members:

Next week we begin the Subsequent Town Meeting on Monday night at 7:30pm in the Reading Memorial High School Performing Arts Center, and look forward to seeing you there!

As there are some Articles that have generated a lot of discussion in the community, we wanted to ensure that all Members understand the expected schedule for this Town Meeting. Two Articles in particular (numbers 8 and 9) needed to be scheduled time/date-certain because of the traveling schedules for some folks involved.

On Monday November 10th we expect to commence with Article 1 Reports and hear from RMLD, the Schools, the Charter Review Committee, and the Bylaw Committee about the Permanent Building Committee progress, and the Finance Committee. That will be followed by brief presentations on Articles 2 through 6. The evening will conclude with **Article 9 – the proposed Summer Avenue Historic District**.

On Thursday November 13th, we will cover Article 7 and **Article 8, the latter a comprehensive zoning overhaul**. If time allows we may conclude that evening with a move to indefinitely postpone Article 10. If time does not allow, we will continue the discussion on Article 8 on Monday November 20th.

In particular we want to make sure the community is aware that Article 9 will be discussed on Monday, and Article 8 will be discussed on Thursday.

Sincerely,

Laura Gemme, CMMC
Town Clerk
